

## MALAGASY STREET CHILDREN

Grandir Ailleurs is a charity rescuing **street children in Madagascar**. These children live in extreme poverty, excluded from the educational system and from society in general. To help them **reintegrate into society**, Grandir Ailleurs created a network of different local organizations supporting disadvantaged children to provide targeted **support at all levels**: together, these organizations ensure street children have access to accommodation, healthcare, and social and educational support. Grandir Ailleurs built their own **Temporary Accomodation Center** for street children waiting to be rehomed. Their 'Malagasy Street Children' appeal aimed to **build a 2nd floor extension** to be able to accommodate more vulnerable children.

### SITUATION IN EARLY 2018

The Temporary Accomodation Center can house **20 children**

### 1 YEAR AFTER... WHERE ARE WE NOW?

The **2nd floor** has been built  
**30 children** can now sleep there
